Financial Services
Virtual Customer Panel and Executive Roundtable

Register in advance for this virtual roundtable:
https://us02web.zoom.us/webinar/register/WN_LQTprmE6Rvee3HBvQguzSQ

Procurement and finance leaders are analyzing how they operate from a cost optimization, supplier diversity, and risk assessment standpoint.

What role does procurement play in a time of uncertainty?

How has Amazon Business helped customers analyze their own data to reduce and control spend?

Join your peers in a discussion on how procurement has adapted to the changing world within Financial Services and learn from those who have used Amazon Business to analyze their data to reduce and control spend.
